

WeddingBook (StoryBook) Photo Album Layout Guide.

Your StoryBook album layout is designed by you but if you need help please let me know. I can design the layout for you at extra charge, please see my website for details or get in touch with me.

The number of images/prints and pages that are included in your album are shown on your booking form.

"A4" sized books can have on each page between 1 and 6 images digitally printed.
"A3" sized books can have on each page between 1 and 9 images digitally printed.
Smaller books only one print per page. Page backgrounds can be Black, Grey or White, if you do not specify the background colour, white will be used.

If you find that you would like extra images/prints in your album, extra images/prints are priced at £ 4.00 each.

If you would like to add extra pages, you can (up to a total of 100 pages).

"A5" size book extra pages are at no charge (they are included in the extra print price).

"A4" size book extra pages are priced at £ 2.00 each

"A3" size book extra pages are priced at £ 2.50 each

You can if you wish "upsized" your StoryBook e.g. "A4" to "A3", please see my website for the difference in price ("A5" size StoryBooks can also be up sized). If you need help please get in touch with me.

Please use the order forms that I have supplied to design your layout. Extra order forms can be downloaded from my website or let me know and I can email or post extra forms to you.

When laying out your StoryBook please keep in mind the orientation of the images. The pages of the StoryBook are horizontal, vertical images will be cut down or reduced in size. Single vertical prints on one a page will only fill about half the page.

I will provide a proof of your album for you to approve. Normally the proof will be sent to you via email in medium resolution in Adobe Acrobat (PDF) file format. If you do not have access to email, please contact me for an alternative way of showing you a proof of your album for your approval.

If you need any help please let me know.
